

Mohawk Discontinues Specific Pre-Stained Molded Skins

Effective immediately, Mohawk has removed from its offering of products:

- Golden Oak
- Amber Oak
- Sienna Oak
- Honey Oak

Mohawk will continue to produce and market the full line of Masonite molded doors. Factory primed, painted, and Digitech doors are readily available and will continue to be a major focal point of our business.

Companies with intent to purchase Golden, Amber, Sienna, and Honey Oak from Mohawk are strongly urged to contact their Mohawk sales associate to discuss alternative means to satisfy these orders.
