### **Mohawk Suspends Stile and Rail Door Offering**

Effective immediately, Mohawk Flush Doors and our current supplier of Stile and Rail doors have mutually agreed to suspend our working relationship. A complete evaluation of the Mohawk Stile and Rail door product offering is being conducted. As a result of this action, we regret that we are temporarily not accepting purchase orders for “non-quoted” Stile and Rail doors.

Consistent with our estimating policies, Mohawk will honor all orders generated from Mohawk estimated projects for a period within 90 days of the original quotation date. Until further notice, we must defer quote requests for new Stile and Rail projects.

Over the next few weeks, Mohawk will conclude the rationalization of a long-term Stile and Rail door program. We are currently meeting with various manufacturers to not only ensure the consistent quality of this product, but to expand on the product offering as well.

At this point, through the meetings we have already conducted, we are very encouraged about the future of Architectural Stile and Rail doors at Mohawk. It is our intention to have a new program in place in the very near future.

We appreciate your understanding, and if you have any questions, please do not hesitate to contact your nearest Mohawk representative.
