Changes to Rustic Gray and Rustic Walnut Inventory

Due to the declining requests for Mohawk's standard Rustic Gray and Rustic Walnut finishes, we have decided to immediately remove these two colors from our inventory. This is **not** to say that we have discontinued these items. Both colors will remain available to our customers, but with an extended lead-time from our traditional 4 weeks. The new lead-time will be approximately 6 weeks.

The pricing of these two items will not change and are not subject to special color charges.

This decision enables Mohawk to reallocate floor space, previously taken by slow moving inventory, and utilize it more efficiently for commonly requested products.
